INTERIOR, BUREAU OF LAND  
MANAGEMENT, and JON RABY, Nevada  
State Director of the Bureau of Land  
Management, and the

Defendants.

Case No. 3:22-cv-00034

**REPLY IN SUPPORT OF PLAINTIFFS'  
MOTION FOR JUDICIAL NOTICE**

Complaint Filed: January 21, 2021

## 1 **I. Introduction**

2 Plaintiffs seek judicial notice of several publicly available documents produced or  
3 published by Defendants, only one of which Defendants challenge in their Response to  
4 Plaintiffs' Motion for Judicial Notice. Dkt. 68. Defendants only oppose Plaintiffs' request for the  
5 court to take notice of Defendants' August 2019 Fifteenmile Herd Management Area Plan,  
6 hereafter referred to as the "Fifteenmile HMAP." Dkt. 68 at p.2:4-5 and n.1.

7 Judicial notice of the Fifteenmile HMAP is appropriate because it is the kind of document  
8 "not subject to reasonable dispute in that it is . . . capable of accurate and ready determination by  
9 resort to sources whose accuracy cannot reasonably be questioned." Fed.R.Evid.201(b). It is  
10 offered as evidence of the content of an HMAP in comparison to that of an Environmental  
11 Assessment, prepared pursuant to the National Environmental Policy Act (NEPA). As such, it  
12 provides important background information to aid the court's understanding and to assist in  
13 determining if the Bureau of Land Management (BLM) took into consideration all relevant  
14 factors pursuant to the Wild & Free Roaming Horses & Burro Act and its implementing  
15 regulations. Additionally, it is offered to address questions raised by this Court in its January 28,  
16 2022 order denying Plaintiffs' motion for a temporary restraining order and preliminary  
17 injunction. Plaintiffs respectfully request that the Court take judicial notice of the Fifteenmile  
18 HMAP over Defendants' objections for the following reasons.

## 19 **II. Reply Argument**

### 20 **A. Judicial Review Under the APA Allows for Consideration of the Fifteenmile** 21 **HMAP**

22 Defendants assert that judicial review of agency action under the APA is limited to the  
23 administrative record. *See* Dkt. 68 at pp. 2:14-3:9. Plaintiffs acknowledge that this is normally  
24 the case, but exceptions exist. *See Oceana, Inc. v. Pritzker*, 126 F. Supp. 3d 110, 113 (D.D.C.  
25 2015); *Lands Council v. Forester of Region One of the United States Forest Serv.*, 395 F.3d  
26 1019, 1030 (9th Cir. 2004); *United States v. Akzo Coatings of Am., Inc.*, 949 F.2d 1409, 1428  
27 (6th Cir. 1991); *San Francisco BayKeeper v. Whitman*, 297 F.3d 877, 886 (9th Cir. 2002);  
28

1 *Asarco, Inc. v. U. S. EPA*, 616 F.2d 1153, 1160 (9th Cir. 1980).

2 Courts have long held that a reviewing court may consider extra-record evidence as either  
3 background information to aid the court's understanding or to determine if the agency examined  
4 all relevant factors. *See Oceana, Inc.*, 126 F. Supp. 3d at 113; *Lands Council*, 395 F.3d at 1030;  
5 *Asarco, Inc.*, 616 F.2d at 1160. This type of evidence is most commonly reviewed in cases  
6 involving complex subject matters, as well as cases involving a claim that an agency has failed to  
7 act in violation of a legal obligation. *See United States*, 949 F.2d at 1428; *Asarco, Inc.*, 616 F.2d  
8 at 1160; *San Francisco BayKeeper*, 297 F.3d at 886. In such cases, it may be impossible for the  
9 reviewing court to "determine whether the agency took into consideration all relevant factors  
10 unless it looks outside the record to determine what matters the agency should have considered  
11 but did not." *Asarco, Inc.*, 616 F.2d at 1160. "The court cannot adequately discharge its duty"  
12 under the APA "if it is required to take the agency's word that it considered all relevant matters."  
13 *Asarco, Inc.*, 616 F.2d at 1160.

14 Here, Plaintiffs seek judicial notice of the Fifteenmile HMAP in support of their Motion  
15 for Summary Judgment. In that Motion, Plaintiffs cite to and reference the Fifteenmile HMAP to  
16 demonstrate that an HMAP takes into consideration a broader array of issues related to herd  
17 health over the short and long-term than a Gather-EA, as required by the Wild & Free Roaming  
18 Horses & Burros Act and its implementing regulations. *See* Dkt. 64 at pp.4:7-6:10, 27:22-28:13;  
19 *see also* 43 C.F.R. §§4710.3-1 and 4710.4 (providing that the BLM shall prepare an HMAP for  
20 all herd management areas, and management of wild horses shall be at the minimum level  
21 necessary to attain the objectives in the HMAP). Further, the scope of public comment is greater  
22 for an HMAP. *See id.*

23 Importantly, this Court, in its January 28, 2022 order, noted that "what constitutes an  
24 HMAP remains somewhat unclear." Dkt. 24 at p.11:10-11. The Court also found Plaintiffs had  
25 "not address[ed] whether the [Pancake Complex Gather-]EA satisfies the same substantive  
26 requirements that would be achieved through an HMAP." *Id.* at p.12:8-12. And relatedly,  
27 according to the Court, Plaintiffs failed to demonstrate that "an HMAP would have provided a  
28

1 unique opportunity for public comment that was not achievable through the EA.” *Id.* at p.13:5-7.  
 2 In discussing the NEPA claim, the Court stated that to the extent Plaintiffs were arguing that the  
 3 proposed gather would be detrimental to the herd itself, it was unclear whether an EA must  
 4 address that issue. *See id.* at p.16:14-18.

5 The Fifteenmile HMAP, as an example of an HMAP, responds to the Court’s questions  
 6 and addresses areas of concern posed by the Court in its own order. It provides necessary  
 7 background information to assist the Court in understanding the content of HMAPs in  
 8 comparison to Gather-EAs. It demonstrates that the Pancake Gather-EA does not consider the  
 9 same substantive factors that would be addressed if the BLM issued an HMAP, including factors  
 10 related to herd health. And, it demonstrates that the HMAP process does provide a unique  
 11 opportunity for public comment that was not achievable through the Pancake Gather-EA process.  
 12 The Court should take judicial notice of the Fifteenmile HMAP.

### 13 **B. The Fifteenmile HMAP is Subject to Judicial Notice**

14 Federal Rule of Evidence 201 provides that a judicially noticed document must be of the  
 15 kind “not subject to reasonable dispute in that it is . . . capable of accurate and ready  
 16 determination by resort to sources whose accuracy cannot reasonably be questioned.”  
 17 Fed.R.Evid.201(b). The Fifteenmile HMAP is a public document developed by the BLM and  
 18 downloaded from their online national register. *See* Dkt. 65-1 at ¶2. Defendants argue that mere  
 19 publication is insufficient to satisfy this Rule. *See* Dkt. 68 at p.6:6-18.

20 Certainly, judicial notice is not appropriate for everything published on the Internet,  
 21 regardless of source; however, judicial notice is appropriate for public records and government  
 22 documents taken from websites maintained by government agencies. *See Rollins v. Dignity*  
 23 *Health*, 338 F. Supp. 3d 1025, 1032-33 (N.D. Cal. 2018) (finding such records and documents  
 24 are generally considered not to be subject to reasonable dispute). *See also B.T. Produce Co. v.*  
 25 *Robert A. Johnson Sales, Inc.*, 354 F. Supp. 2d 284, 285 (S.D.N.Y. 2004) (taking judicial notice  
 26 of USDA report); *In re Wellbutrin SR/Zyban Antitrust Litig.*, 281 F. Supp. 2d 751, 754 n.2 (E.D.  
 27 Pa. 2003) (taking judicial notice of FDA report posted on official FDA website).

1 Defendants also argue that judicial notice is not appropriate because the Fifteenmile  
2 HMAP is not relevant. *See* Dkt. 68 at pp.5:15-6:5. Plaintiffs do not contend that the Fifteenmile  
3 HMAP directly addresses the Pancake Complex, but as addressed *supra* in Section II.A., it is  
4 nevertheless highly relevant. The Court cannot adequately discharge its duty under the APA if it  
5 is required to rely solely on the BLM’s representations about the differences between an HMAP  
6 and an EA, especially where—as here—an example of an HMAP would helpfully provide the  
7 Court opportunity to interrogate Defendants’ representations based on its own past interpretation  
8 of the HMAP requirement. *See Asarco, Inc.*, 616 F.2d at 1160.

9 Finally, Defendants argue that this request for judicial notice runs contrary to the Court’s  
10 March 30, 2023 order regarding supplementation of the administrative record. *See* Dkt. 68 at  
11 p.3:10-12. That order addressed Plaintiffs’ request to “expand the [administrative record] with  
12 documents regarding Defendants’ decision not to prepare a HMAP before conducting the  
13 gather.” Dkt. 54 at p.5:1-4. The Court ruled that such expansion was unnecessary “to make a  
14 merits determination as to whether Defendants had to prepare a HMAP before conducting the  
15 gather—the Court must simply make a call on the law.” *Id.* at p.5:16-18. However, the  
16 Fifteenmile HMAP is not being provided for such purpose. Rather, as discussed above in Section  
17 II.A., the Fifteenmile HMAP provides necessary background information to assist the Court in  
18 understanding the content of HMAPs in comparison to Gather-EAs. It demonstrates that the  
19 Pancake Gather-EA does not consider the same substantive factors that would be addressed if the  
20 BLM issued an HMAP, including factors related to herd health. And, it demonstrates that the  
21 HMAP process does provide a unique opportunity for public comment that was not achievable  
22 through the Pancake Gather-EA process. Defendants do not—and cannot—articulate why the  
23 Court should not rely on this evidence as background information necessary to determine  
24 whether the agency considered all relevant factors.

25 //

26 //

27 //

1 **III. Conclusion**

2 For the foregoing reasons, Plaintiffs request that the Court take judicial notice of the  
3 Fifteenmile HMAP.

4 DATED: August 30, 2023
